

Nightmare Game Report

Name : Ahmed Abdelazem Elgamal

ID : 201801473

Introduction :

It is a horror game based on real events but with some drama to make it playable.

the game used some technique to tell the story :

- 1- Plot twist : is a literary technique that introduces a radical change in the direction or expected outcome of the plot in a work of fiction.
- 2- Unreliable narrator : An unreliable narrator is a narrator whose credibility is compromised.
Because ignorance , hidden information or Alzheimer

Goal :

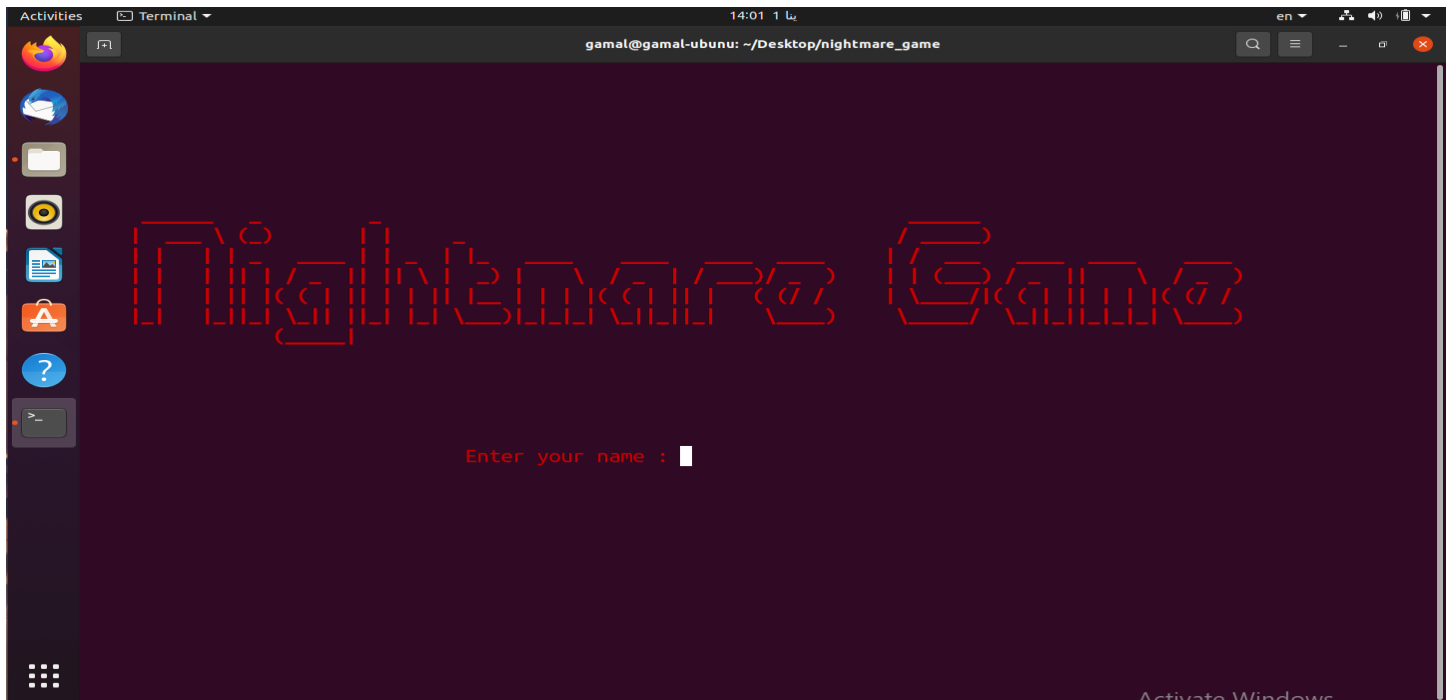

The main goal to save Amal and fight monsters to save her parent by taking choices for Amal .

In the three levels there two or more choices which depends on which difficulty you play.

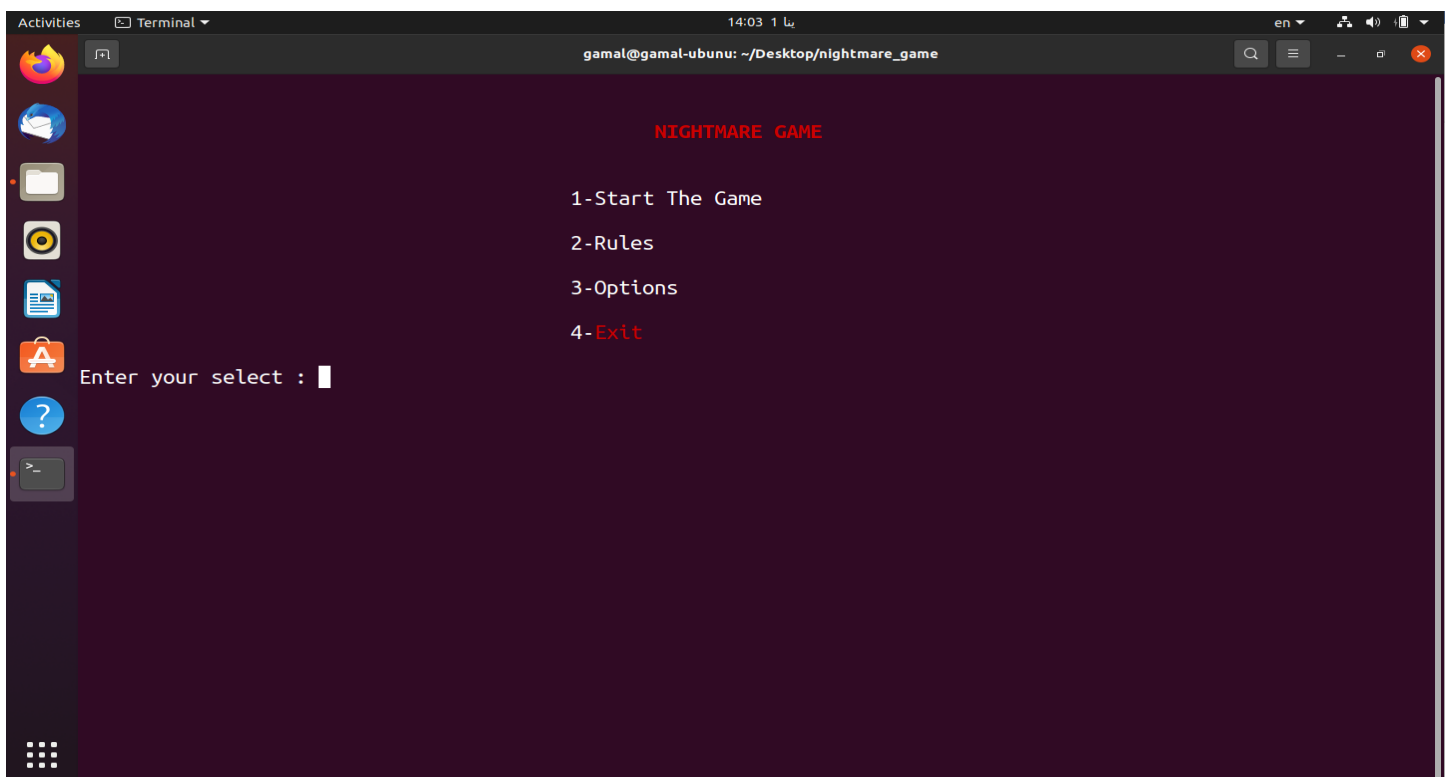

The score you gain is the number of stages you successfully win
By the correct choice.

Content of the game :

It was a calm night in 2016
Father and mother were trying to make their daughter 'Amal' sleep the first night alone
Father: Amal you are 7 years old now and I trust you can do it
Mother: and always remember the story of the little princess that fight the monsters and save her parents
Amal: I'm not frightened now
After this conversation, they say good night to Amal they turn off the light and close the door
Amal was proud of herself and fell to sleep ZZZzzzz
press any key to continue.....
```

```
Activities Terminal 14:09 1 Lu en gamal@gamal-ubunu: ~/Desktop/nightmare_game
Now Amal got the light source and ready to look for her parents
Because the light she managed to jump the hole,She decides to go to there room, but there is a sound in the roof
sound like crackle in the roof
choose :
1- Keep walking
2- Stop it looks Dangerous
Exit- Back to main menu
select : 1
the roof fall on Amal
